The desire to provide for the housing needs of the area's retirement population was the cornerstone on which Riverside Lodge was founded. We have set the standard for retirement housing in central Nebraska since 1988 by providing housing and services that focus on meeting the wants and needs of its residents.

However, the uniqueness of Riverside Lodge is not its size or location. It is the variety of services, the companionship of a close knit community, and peace of mind that sets Riverside Lodge apart from other retirement housing options. Every detail of Riverside Lodge has been carefully planned to enhance your enjoyment. Experience the Riverside Lodge difference!
